Dear Lake Intermediate Parent,

Garden Grove Unified School District is offering on-site COVID-19 testing to students who have been identified as close contacts at school and are following the Modified Quarantine guidelines. GGUSD is working with Diagnostic Laboratory Science (DLS) and Accurate Health Partners (AHP) to provide the testing at our schools.

If you would like your child(ren) tested at school, please use this link to register or this QR code for the COVID-19 testing portal and to sign a one-time consent form authorizing testing.

<https://quicktest.labxchange.io/patientmanagement?testguid=F72C6B6A1C4D49C>

Lake has testing available on Wednesdays from 10:30-2:00pm

Registering in the COVID-19 testing portal will allow you to view your child's COVID-19 test results by email or text within 24 hours of testing.

Students should test on Day 1 or Day 2 and then again on Day 5, Day 6 or Day 7 following their close contact exposure. If your child receives a negative test result on or after Day 5, he/she will be released from Modified Quarantine on Day 8 and will also be able to return to extracurricular activities at that time. Highly-qualified staff members from Diagnostic Laboratory Science and Accurate Health Partners are providing the PCR test to students free of charge.

If you have any questions or issues registering for the COVID-19 testing portal, please contact Customer Service via email at Customerservice@accuratehealth.org.

A handwritten signature in black ink that reads "Denise Kirkman".

Denise Kirkman,
Principal
